## HEAVY FOLIAGE AGREEMENT

Property address: \_\_\_\_\_

\_\_\_\_\_

Date of fumigation: \_\_\_\_\_

To our customers with Heavy Foliage:

In the course of serving our customers over the years, Newport Exterminating has found that due to heavy foliage growing against the structure, it may be necessary to tent over portions of foliage, which can result in severe plant damage.

While every effort is made to avoid such damage, we feel that it cannot always be prevented. The possibility of such damage is a necessary risk of the fumigation process that must be assumed by the customer.

Accordingly, it is mutually agreed as follows:

### **THIS AGREEMENT MUST BE SIGNED IN ORDER TO FUMIGATE PROPERTY**

Newport Exterminating shall not be liable to the customer in any manner or for any damage to the customer's plants or for any damage incident thereto arising out of the performance of fumigation services.
